Dear Parent/Carer,

I am writing to share an update on our transition to Doodle, to support Home learning, following our first few weeks of use. We have received positive feedback from both children and parents who are already seeing the benefits of this new platform.

A major advantage of Doodle over our previous system is its comprehensive scope. Whilst Mathletics focused on numeracy, Doodle provides a complete support package covering maths, English and spelling. This allows for a more joined up approach to your child's home learning across these core subjects. To help you get the most out of the platform, I would like to share some key information on how you can interact with Doodle as a parent.

### The Parent Account

As part of our school subscription, you have access to a free linked parent account. This is a powerful tool that allows you to view your child's progress and see how they are engaging with their work. You may also set one assignment at a time from the student learning zone by setting up an adult pin. Please note that any assignments set by the class teacher will always take precedence on the child's dashboard to ensure we are covering the necessary curriculum goals.

### Personalised Learning

Doodle uses an intelligent algorithm designed to identify and bridge individual learning gaps automatically. It removes the need to manually select topics, as the platform personalises the journey for each child. This "little and often" approach ensures that children are working on the specific areas they need to practice most. Teachers will select tasks for the class to complete based on the learning in the classroom but children are encouraged to extend their learning further and complete other activities independently. Our teachers also monitor this data to identify misconceptions and plan future lessons accordingly.

### Helpful Resources

To assist you with the setup and navigation of the platform, please find the following guides below:

- **What to expect from Doodle for parents:** <https://help.doodlelearning.com/en/articles/8687843-my-child-s-school-has-subscribed-to-doodle>
- **Getting started for parents of school users:** <https://help.doodlelearning.com/en/articles/8944275-getting-started-for-parents-of-school-users>
- **Using the data on the parent dashboard:** <https://help.doodlelearning.com/en/articles/8687918-can-i-monitor-and-track-my-child-s-doodling-alongside-the-class-teacher>

### Technical Support

If you encounter any technical issues, such as display problems on a laptop or login difficulties, I highly recommend using the green chat icon on the Doodle website. This connects you directly to their dedicated help team for immediate assistance.

Thank you for your continued partnership in supporting your child's education.

Yours sincerely,

**Mr McHale**  
Deputy Headteacher
