Dear Parent/Carer,

Year 3 – Ceramic Workshops – UPDATED

This term, Year 3 have been given the wonderful opportunity to take part in a ceramics workshop, led by artist Emily Chilvers, which will link with their DT, art and science lessons.

Curriculum impact	We will be investigating our environment and looking at the plants and animals from our science topics; researching online in our computing lesson; improving our DT skills to design for a purpose and learning how to work both individually and collaboratively to create original art.
Where	Grand Avenue Primary & Nursery School
When	3FB - Wednesday 4th June (pm) 3W – Wednesday, 11th June (am) 3S – Wednesday 11th June (pm)
Cost	£5 per child This cost covers the materials the children will be using, the artists time with the children and the costs for firing and glazing the tiles.
Additional information	Each child will design and create a ceramic tile that they will be bringing home. The tile will incorporate themes of nature inspired by found objects from our site and images and ideas from our research. Alongside this art project, GASPA have agreed to donate money towards a new mural made from ceramic tiles, which will name and celebrate the Grand Avenue wildlife area. The Year 3 children will be invited to contribute to the whole mural, which will form a lasting piece of ceramic art that will be on display by the gate into the wildlife area.
Action required	We ask for a contribution of £5 per child towards the cost of the ceramics workshop. Please can you make payment by Friday, 30th May 2025. Please make payment using the School Gateway for this workshop. If you are unable to do so online, please contact our School Office. We would welcome parent helpers for the workshops. If you are able to help please complete this form.

Thank you for your ongoing support and help. We hope your child enjoys this experience!

Yours sincerely,

The Year 3 Team

Enjoying Learning - Exceeding Expectations
